

# PRODUCT LIST

Cosmetic Ingredient

WHERE THERE  
IS CHEMISTRY,  
WE SEE PEOPLE

	Product	CAS No.	Application
<b>A</b>	Aloe Vera Oil	100084-89-7	Anti-septic and Anti-inflammatory properties
	Aluminium Chloride	7446-70-0	Used as Astringent and Hemostatic properties
	Aluminium Fluoride	7784-18-1	Improves dental health
	Ammonium Fluoride, Crystal, Reagent, ACS	12125-01-8	Improves dental health
<b>B</b>	Benzocaine	94-09-7	Used as mild anesthetics
	Benzyl Alcohol	100-51-6	Used as Bacteriostatic agent
	Bismuth Subsalicylate	14882-18-9	Used as Antibiotic
<b>C</b>	Calcium Carbonate, Heavy Powder	471-34-1	Reduces dental caries
	Calcium Fluoride, Powder, Reagent	7789-75-5	Improves dental health
	Calcium Glycerophosphate	27214-00-2	Improves dental health
	Cetylpyridinium Chloride, Monohydrate	6004-24-6	Acts as an Anti-microbial agent
	Chlorhexidine Diacetate	56-95-1	Acts as an Anti-bacterial agent, treats gingivitis and inflammation
	Chlorhexidine Dihydrochloride	3697-42-5	Used as an Anti-septic agent
	Clove	8000-34-8	Helps fight germs, numbs pain and fights bad breath
<b>D</b>	Dibasic Calcium Phosphate, Powder	7789-77-7	In dental restorative composites
	DI-Menthol, Crystal	89-78-1	Used as an topical Anti-bacterial agent
<b>F</b>	Fennel Oil	8006-84-6	Assists in the treatment of Halitosis
<b>G</b>	Gelatin, 250 Bloom, Powder	9000-70-8	Help repair gum tissue

**Patent Disclaimer:** Products protected by valid patents are not offered for sale in countries, where the sale of such products constitutes a patent infringement. The buyers should make their independent evaluation of the patent scenario for their respective markets and will be responsible for all patent related liabilities.

	Product	CAS No.	Application
	Ginkgo Biloba	90045-36-6	Improves microcirculation in mucus membranes which increases blood flow to strengthen gums and increases salivation, reducing dry mouth
	Ginseng	90045-38-8	Effective tonic on gums and prevents periodontal disease
	Glycerin, Natural	56-81-5	Prevents oxygen inhibited layers of composites on teeth
	Green Tea Extract, 4:1, Powder	84650-60-2	Protects against cavities, gum disease and bad breath
<b>H</b>	Hydrogen Peroxide, Topical Solution	7722-84-1	Helps to treat gum disease and reduce plaque on teeth, kills bacteria
<b>I</b>	Inositol Hexaphosphoric Acid (40-50 % w/w Aq. Solution)	83-86-3	Prevents dental cavities
<b>L</b>	Lidocaine	137-58-6	Used as local anesthetic and in minor surgical procedures
	Lidocaine Hydrochloride Monohydrate	6108-05-0	Used as local anesthetic and in minor surgical procedures
	Lithium Fluoride, Powder	7789-24-4	Prevents dental carries
	L-Menthol, Crystal	2216-51-5	Used as an topical Anti-bacterial agent
<b>M</b>	Magnesium Glycerophosphate, Powder	927-20-8	-
<b>N</b>	Nutmeg	8008-45-5	Assists in the numbing of pain and has anti-bacterial qualities
<b>P</b>	Pectin, Citrus	9000-69-5	Gelling agent
	Peppermint	8006-90-4	Improves bad breath and kills bacteria
	Phenol, Fused Crystal	108-95-2	Used as Anti-bacterial
	Potassium Fluoride, Dihydrate, Crystal	13455-21-5	Teeth strengthening
	Potassium Pyrophosphate	7320-34-5	Protects from dental carries

**Patent Disclaimer:** Products protected by valid patents are not offered for sale in countries, where the sale of such products constitutes a patent infringement. The buyers should make their independent evaluation of the patent scenario for their respective markets and will be responsible for all patent related liabilities.

	Product	CAS No.	Application
S	Sodium Bicarbonate, Powder	144-55-8	Aids in teeth whitening & Prevents tooth decay
	Sodium Chloride, Powder	7647-14-5	Ulcer healing properties
	Sodium Fluoride, Powder	7681-49-4	Teeth strengthening
	Sodium Gluconate	527-07-1	Chelating agent protects from rancidity, reduces bitterness
	Sodium Perborate, Monohydrate	10332-33-9	Antiseptic properties
	Spearmint	8008-79-5	Slows the proliferation of biofilm, reducing ability of bacteria to grow in the mouth
	Stannous Pyrophosphate	15578-26-4	Dental polishing agent
	Strontium Acetate	543-94-2	Prevents dentine hypersensitivity
	Strontium Pyrophosphate		Prevents dentine hypersensitivity
T	Trigonelline Hydrochloride	6138-41-6	Anti-bacterial & Anti-viral
Z	Zinc Chloride, Granular	7646-85-7	Controls plaque & calculus formation inhibitor
	Zinc Citrate, Dihydrate	5990-32-9	Anti-bacterial & Anti-inflammatory
	Zinc Picolinate, Powder	17949-65-4	Trace elements controls plaque
	Zinc Sulfate, Monohydrate	7446-19-7	Zinc deficiency

**Patent Disclaimer:** Products protected by valid patents are not offered for sale in countries, where the sale of such products constitutes a patent infringement. The buyers should make their independent evaluation of the patent scenario for their respective markets and will be responsible for all patent related liabilities.
